THE PUBLIC SERVICE COMMISSION OF

SOUTH CAROLINA

DOCKET NO. 80-251-E - ORDER NO. 89-234

MARCH 9, 1989

IN RE: Small Power Production and Cogeneration) ORDER GRANTING) EXTENSION

On February 17, 1989, South Carolina Electric and Gas Company (SCE&G) filed a Request for a Thirty (30) Day Extension for filing a Revised Rate PR-1 for Small Power Production and Cogeneration in response to Commission Order No. 89-56 under this Docket. This extended period of time would allow the Company to more carefully implement the revised methodologies required in that Order. No customers will be affected by the extension since there are currently no customers served or requesting service under this rate schedule. The Commission finds that the thirty (30) day extension should be granted.

IT IS SO ORDERED.
